Drought Tolerant Plants

Provided by Mid City Nursery

Below is a list of just a few drought tolerant trees, shrubs, and perennials that require less water once established. This is not a complete list. Remember that while these plants require less water, some watering will still be needed, and regular watering will be required during the first year or two after planting. In addition, you can reduce water needs by properly planting with soil conditioner to encourage good root development and applying mulch around your plants to reduce evaporation.

Indicates California Native

SUN PERENNIALS

- Achillea (some) 
- Anigozanthus
- Arctotis
- Artemesia
- Bulbine
- Calylophus
- Centranthus
- Convolvulus
- Coreopsis
- Echinacea
- Echium
- Erigeron (some) 

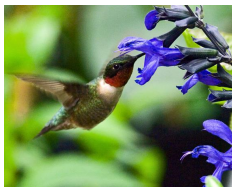

- Eriogonum 
- Erysimum
- Euphorbia
- Felicia
- Gaillardia
- Gaura
- Geranium sanguineum
- Helianthemum
- Helianthus
- Helichyrsum
- Iris douglasiana 
- Kniphofia

- Lavandula
- Leonotis
- Leucanthemum
- Limonium
- Lotus
- Monarda
- Nepeta
- Oenothera
- Osteospermum
- Pelargonium
- Penstemon
- Perovskia

- Phlomis
- Romneya 
- Rudbeckia
- Salvia (some) 
- Santolina
- Stachys
- Tagetes
- Teucrium
- Thymus
- Verbena
- Zauschneria 

GROUNDCOVER FLATS

- | | | | |
|-----------|----------|----------|---------------|
| Aptenia | Dymondia | Myoporum | Thyme |
| Chamomile | Gazania | Rosemary | Campanula |
| Cerastium | Iceplant | Sedum | Brass Buttons |

GRASSES

- Carex buchanii
- Carex testacea
- Dianella
- Fescue (some species) 
- Helictotrichon
- Liriope
- Lomandra
- Miscanthus sinensis
- Muhlenbergia rigens 
- Phormium
- Schizachyrium scoparium
- Stipa

SUN SHRUBS

- | | | | |
|--|---|---|---|
| Abelia grandiflora | Dietes | Myrica californica  | Ribes species  |
| Agapanthus | Escallonia | Myrtus communis | Rosmarinus |
| Alyogyne | Euonymus | Nerium | Spirea |
| Anisodentea | Feijoa | Olea | Symphocarpus |
| Arctostaphylos  | Forsythia | Osmanthus fragrans | Tecomaria capensis |
| Berberis (Barberry) | Fremontodendron  | Photinia | Trachelospermum |
| Buddleja (Butterfly Bush) | Grevillea | Pinus mugho | Tulbaghia |
| Callistemon | Hibiscus syriacus | Pittosporum | Xylosma |
| Calycanthus occidentalis  | Juniper | Plumbago capensis |  |
| Carpenteria  | Lantana | Prunus caroliniana | |
| Ceanothus  | Lavatera bi-color | Punica g. nana | |
| Chaenomeles | Leptospermum | Pyracantha | |
| Cistus | Ligustrum | Rhamnus alteranus | |
| Correa | Loropetalum | Rhamnus californica  | |
| Cotoneaster | Mahonia  | Rhaphiolepis | |

TREES

- | | | |
|--|-------------------|--|
| Acacia | Cedrus deodora | Olea |
| Acer macrophyllum | Celtis sinensis | Pistacia |
| Acer negundo | Crataegus | Prosopis / Mesquite |
| Aesculus californica  | Eriobotrya | Quercus (some)  |
| Albizia | Ginkgo biloba | Rhus lancea |
| Arbutus marina/unedo | Gleditsia | Robinia |
| Calocedrus  | Grevillea robusta | Schinus molle |
| Cercis occidentalis  | Lagerstroemia | Ulmus parvifolia |
| Chitalpa | Morus alba | Zelkova serrata |

PLANTS FOR DRY SHADE

- | | | |
|---------------------|--|--|
| Anemone japonica | Canna | Iris douglasiana (light shade)  |
| Asparagus fern | Ceratostigma | Lamium |
| Azalea | Dianella | Liriope |
| Begonia Fibrous | Fuchsia Gartenmeister | Mahonia  |
| Brugmansia (Datura) | Geranium -biokovoø | Sarcococca |
| Calyphos | Geranium sanguineum | Sedum makinoi ogon |
| Campanula | Heteromeles a. (light shade)  | Tibouchina |
